Chest bursting, cheese style.

BOOK REVIEW: THE CABINET OF CURIOSITIES

More high-impact fun from Preston & Child.

LETTING THE CORPSES OUT

Apparently not very many of them.

THE END OF THE WORLD

But who will direct it?

IS CAMPBELL CURSED?

No, not *that* Campbell...

ANDERSON'S LUCIDITY

The creepy director's next.

GOING WIDE WITH LOCALS

New Zealand horror gets out!

PLAN FOR RELEASE

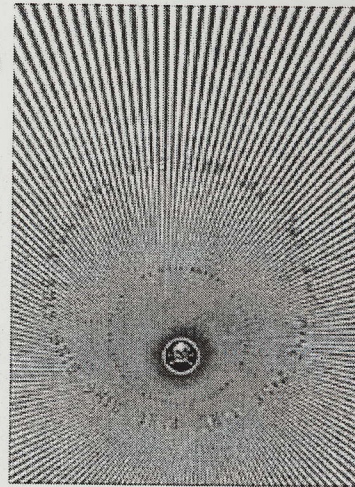

READING THE RING

2.14.03

By Johnny Butane

Contributing sources: Fangoria & Ringworld

It's been a long time coming, but it looks like the translated version of the 'Ring' novel that started all this craziness in America and elsewhere is finally set to hit bookshelves. Vertical is publishing the novel, as we've announced before, but we had no idea when it'd be out til now.

The answer? April 15th, and you can even **pre-order it** through EVILSHOP right now. How cool is that? Javier, the webmaster over at the excellent site for all things 'Ring'-related, **Ringworld**, has been able to get his hands on an advanced copy and said it was done very well, which means a lot considering he's read the original Japanese one, as well. The book will be released hardcover at first, with a paperback edition due further down the road.

Vertical also has the rights to publish the follow up novels by 'Ring' author Koji Suzuki, namely 'Spiral' and 'Loop' (see a theme there?), but we don't know when that'll happen.

And since we're talking about Ringworld, I also wanted to mention that the new Video Watchdog magazine has a 13-page article about the 'Ring' phenomenon that was co-written by our friend Javier from Ringworld. **Check it out** if you haven't already.
