THE GUIN SAGA

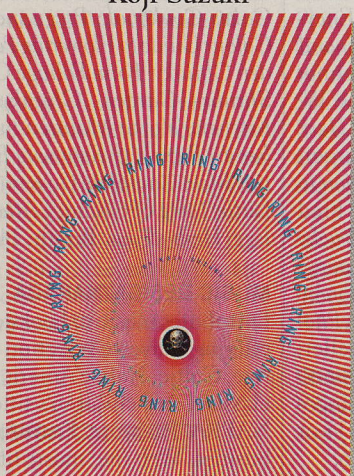

KAORU KURIMOTO

The Guin Saga is one of the world's great fantasy epics. Currently eighty-eight installments strong (on its way to a projected one hundred) in Japan, Kaoru Kurimoto's lifework will enthrall readers of all ages with its universal themes and stunning scope. Equal parts myth, allegory, and action adventure, the uncommonly rich saga begins with *The Leopard Mask*...only Jarn the fate-weaver knows where it will end.
